1200 W. Washington  
Phoenix, AZ 85007

APS E-01345A-16-0036  
APS E-01345A-16-0123

Dear Arizona Corporation Commission Chairman Little,

My APS electric bills are already high enough!

Please say NO to APS' request to increase the monthly fixed charge and to raise many electric bills. Say "NO" to APS imposing on many a new mandatory "demand charge" making electric bills less predictable and more difficult to control.

There was no Social Security COLA in 2016. Prescriptions and medical costs keep going up. Why should APS get a bigger increase than we do on Social Security?

I should be able to predict and control the cost of my monthly electric bill. Please do not allow APS to impose mandatory "demand charges" making many electric bills harder to predict and control.

I should pay fair electric rates and not a penny more. It is only fair that I should be able to predict and control the cost of my monthly electric bill.

I look forward to your action.

Thank you.

Sincerely,

Ms. Carolyn Lieberman

Dear Arizona Corporation Commission Chairman Little,

My APS electric bills are already high enough!

Please say NO to APS' request to increase the monthly fixed charge and to raise many electric bills. Say "NO" to APS imposing on many a new mandatory "demand charge" making electric bills less predictable and more difficult to control.

There was no Social Security COLA in 2016. Prescriptions and medical costs keep going up. Why should APS get a bigger increase than we do on Social Security?

I should be able to predict and control the cost of my monthly electric bill. Please do not allow APS to impose mandatory "demand charges" making many electric bills harder to predict and control.

My electric bill went up this year by \$50 and my Cox cable went up by \$50 also. Two months ago my rent went up by \$100. I live on social security and we didn't get a raise this year and the last time I checked, I make \$20 per month too much to qualify for a senior discount with APS and Cox cable doesn't offer any discounts.

If my electric increases any more, I won't be able to pay. And as it is right now, I only use my air conditioner/heating system 6 months out of the year and no one else lives in this house. Something seems very wrong.

Please help out the old folks.

I should pay fair electric rates and not a penny more. It is only fair that I should be able to predict and control the cost of my monthly electric bill.

I look forward to your action.

Thank you.

Sincerely,

Ms. Linda Tilly

1200 W. Washington  
Phoenix, AZ 85007

APS E-01345A-16-0036  
APS E-01345A-16-0123

Dear Arizona Corporation Commission Chairman Little,

My APS electric bills are already high enough!

Please say NO to APS' request to increase the monthly fixed charge and to raise many electric bills. Say "NO" to APS imposing on many a new mandatory "demand charge" making electric bills less predictable and more difficult to control.

There was no Social Security COLA in 2016. Prescriptions and medical costs keep going up. Why should APS get a bigger increase than we do on Social Security?

I should be able to predict and control the cost of my monthly electric bill. Please do not allow APS to impose mandatory "demand charges" making many electric bills harder to predict and control.

I should pay fair electric rates and not a penny more. It is only fair that I should be able to predict and control the cost of my monthly electric bill.

I look forward to your action.

Thank you.

Sincerely,

Mr. EDWIN TRUSZKOWSKI

Dear Arizona Corporation Commission Chairman Little,

My APS electric bills are already high enough!

Please say NO to APS' request to increase the monthly fixed charge and to raise many electric bills. Say "NO" to APS imposing on many a new mandatory "demand charge" making electric bills less predictable and more difficult to control.

There was no Social Security COLA in 2016. Prescriptions and medical costs keep going up. Why should APS get a bigger increase than we do on Social Security?

I should be able to predict and control the cost of my monthly electric bill. Please do not allow APS to impose mandatory "demand charges" making many electric bills harder to predict and control.

This is just another attempt to penalize those of us who have chosen "clean energy." Perhaps APS should take a good look at their giant corporation. This might yield some savings and thus increase profits for their shareholders and lessen the need for huge increases.

Perhaps enormous salaries aren't necessarily in line for their top executives.

Just as our economy begins to turn around slightly, the fat cats at APS think the only way to solve their problems is with a very large increase in the "flat charge" and to once again "dream up" some ridiculous idea (demand charge-excuse me, isn't the "rate being charged" the same as the DEMAND CHARGE!!!!) instead of raising the USE CHARGE. Arizona will be the only state to have this charge and I'm sure you know why. Frankly, with APS' track record, I'm surprised they are going to the commission for permission at all!

I am here to tell you this is the bullshit way out. APS' captive customers are tired of increases and illegal, made up charges. Well, I say it is time APS was stopped and started showing us they are doing everything they can to convert from dirty and fossil fuel energy to clean, renewable sources of energy. It's corporations like APS that demand politicians who favor regulation. The Right certainly won't protect us from predators like APS. Perhaps the new commissioners will give APS more trouble than APS can handle. We can only hope.

I should pay fair electric rates and not a penny more. It is only fair that I should be able to predict and control the cost of my monthly electric bill.

I look forward to your action.

Thank you.

Sincerely,

Phoenix, Arizona 85007

Dear Mr. Little:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

Leri Lukenski

Dear Mr. Little:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

Virginia Johnson

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

Dore Dale

Dear Mr. Little:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

Michael E. Scher
